DESCRIPTION OF WORK TO BE PERFORMED: (Existing and proposed building shall not exceed 60% of the lot.)

_____

_____

_____

Sketch to scale the present buildings and proposed construction or proposed alteration or demolition showing that minimum distances are being observed for front, side and rear yard set-backs. The applicant/contractor must give the Building Commissioner 5 working days notice before any work commences. The property owner is responsible for keeping the area free of debris during the construction. *NO BURNING* of excess building materials is allowed.

To the Building and Maintenance Committee Chair, Village of Orangeville:
The undersigned hereby makes application for a permit to perform the work at the foregoing location according to plans and specifications herewith filed, and the description or other information as set forth and hereby agree that such work will be done in accordance with the said description, plans and specifications, and subject to the conditions and provisions of all ordinances, rules and regulations in force in said city and the State Building Code of Illinois relating thereunto and the work be reported when ready for inspection.
